PROFESSIONAL

Your Best Choice

AN AFFILIATE OF MERLIN INDUSTRIES, INC.

PreServe your spa and conserve energy with a professional spa cover engineered to protect your investment and your loved ones.

Why Merlin is Your Best Choice

The Merlin name is your assurance of a professional product - the best value for your investment to be found anywhere. Our products are your best choice because they are better designed to meet your needs ... better manufactured with better materials to withstand the elements ... and better supported over their lifetime. It's more than a claim; it's a mission that inspires everyone in our company to perform to the highest possible standards. After all, isn't your family and investment worth it?

Quality-engineered. Expertly Crafted.

Our professional spa covers offer secure protection for your family while providing high energy-efficiency and lasting protection against the elements and UV rays. Every detail and component of our spa covers is expertly designed and crafted to meet or exceed industry specifications. Whether your spa is standard or an in-ground masterpiece, we have you covered!

Quality features built into every Custom Spa Cover

Heat sealed vapor wrap.

Integrated, reinforced handles.

Hold-down straps with locking buckles.

Ultra cover shown.

Double skirt retains heat and protects acrylic spa lip from fading.

A super-strong 3" galvanized steel C-channel adds superior strength to the cover's center.

2 large heat seals lock in heat and lower operating costs. *OPTIONAL Full-Width Heat Seal Available. *Upcharge Applies

Thermo-Light shown.

Heavy duty nylon zipper.

Highest quality marine grade vinyl with UV and weather resistant finish.

Strong tapered highly insulating EPS foam core.

Choose from 5 Levels of Excellence.

Economy

Quality and affordability, our Economy cover features a tapered 1 lb. density EPS foam core, sealed in a 4 mil. vapor wrap. The Economy cover comes with two locking buckles and four handles. The Economy cover is available in Russet (Brown). The foam core is braced with a galvanized steel c-channel at the hinge for added strength. A 3" skirt is standard. The Economy cover features a one-year limited warranty.

Standard

Not your everyday spa cover, our Standard cover features a tapered 2 lb. density foam core, sealed in a 4 mil. vapor wrap. The Standard cover comes with four locking buckles and four handles. The Standard cover is available in twelve different colors! The foam core is braced with a galvanized steel c-channel at the hinge for added strength. A 3" skirt is standard. The Standard cover features a two-year limited warranty. The Standard cover meets or exceeds all A.S.T.M. safety standards.

Deluxe

Added strength and durability make our Deluxe cover a great value. The Deluxe cover takes all of the features of the standard cover and adds a 6 mil. vapor wrap and fiberglass reinforced strapping on 1' centers. The Deluxe cover is available in your choice of twelve colors! The Deluxe cover features a three-year warranty. The Deluxe cover meets or exceeds all A.S.T.M safety standards.

Ultra

As rough as it gets, our fiberglass reinforced plastic (FRP) cover is made for heavy snow loads or larger spas that need the added security of the strongest cover available. On the outside, the Ultra cover has all the great looks of all our spa covers. On the inside, the Ultra cover's foam inserts are sandwiched between layers of fiberglass reinforced plastic for unsurpassed strength. The Ultra cover features a five-year limited warranty. The Ultra cover meets or exceeds all A. S. T. M. safety standards.

Thermo-light

floating spa covers

Every spa needs a cover to keep in the heat and keep debris out. For larger or free-form in-ground spas where regular foam spa covers can be too heavy or cannot be installed, the Custom Spa Cover Team brings you our Thermo-Light Floating Spa Cover. The Thermo-Light cover features a five-year limited warranty.

Note: Thermo-Light Floating Spa Covers are not designed to meet A.S.T.M. standards for safety covers. Thermo-Light spa covers are designed to provide better heat retention and reduce the amount of debris entering your spa only. Thermo-Light spa covers are not designed to support weight.
